Brief:

Shopify:

- Updated Shopify product weights and shipping dimensions to improve freight charge accuracy and reduce freight cost discrepancies paid by Highlight.
- Take pictures of parts inventory and upload them to site.
- Organized Shopify products using collections and tags to improve navigation, filtering, and overall store management.
- Increased traffic and sales to Shopify site.

Digital Business Cards:

- Designed and developed digital business cards using QR codes for quick and seamless contact sharing between computers and phones.

Digital Quick Start Guides:

- Redesigned and digitalized legacy manuals.
- Created quick start guides to ship with machines saving the company over $8,000 a year.

Remember Your Colors
Take a color tour! Look around and name the hues either out loud or in your head. It helps your brain chill, especially with deep breaths!
Visualize Your Safe Place
Picture this: When stress hits, imagine your perfect place—a serene spot that soothes and shields. Your mind creates the calm!
Take a Break
Pause, breathe, be here now! When did you last take a moment just for you?
Here are some ideas to help press the "reset" button on your brain:
Get moving! Exercise lifts stress and boosts feel-good brain chemicals.
OKAY TO ASK FOR HELP!
I'M SO STRESSED OUT!
Coping Skills Menu

• Keep restroom clean
• Allow for privacy
• Treat others the way you would like to be treated
• Use bathroom pass
• Return quickly and quietly to the correct destination
• Treat school property and equipment with respect

GOLD CARD WINNER
KENOWA HILLS MIDDLE SCHOOL

VALUE. SUPPORT. EMPOWER. EVERY STUDENT. EVERY DAY.

Kenowa Hills Public Schools

Dear Parent or Guardian,

We look to reinforce the positive as much as possible, however, we understand that sometimes students may make the wrong choice, resulting in a discipline referral. In these instances, a student may be asked to attend the Intervention Room for In-School Suspension(s) or receive an Out-of-School Suspension(s)."

This is a follow up communication to inform you that your student <<Students First Name>> <<Students Last Name>> violated Kenowa Hills Middle School's Student Discipline Code. An explanation of the specific offense(s) appears below:

<<Incident Description>>. As a result, <<Action Taken>> was issued.

<<Students First Name>> was advised as to the reasons for this decision, and was afforded an opportunity to present a response. Your student was removed from the classroom on <<Date ISS/SP/OSS Began>> and may return to the classroom on <<Date Student May Return To Class>>.

An email was sent to your student and their teachers for any missed work resulting from the suspension. Students are not allowed to participate or attend any extracurricular activities during the time of suspension.

Thank you for your continued support. Should you have any questions please contact the front office.

Sincerely,

Mike Dodge, Principal
Eric Haik, Assistant Principal

05 Expressive Typography

Adobe Illustrator and Adobe Firefly

For this expressive typography project, I drew inspiration from the song Conversations by Juice WRLD. My coworker and I have this ongoing ritual where we share songs that match our mood or the vibe of the day–and this lyric was the most recent one they sent me.

06 Poster Redesign

Children's Rights

Adobe Photoshop
Adobe Firefly

GVSU PROJECT: Children's Rights works to investigate, expose, and fight against violations of children's rights. With six years of experience in K-12 public school districts –spanning both elementary and middle schools–this cause holds a special place in my heart. It's crucial to protect the rights of our youth and provide families with the resources they need to ensure the best possible outcomes.

This poster redesign incorporates the colors of Children's Rights: bright red and teal. Close-up images are used to highlight the organization's key focus areas: Children's Rights Impact, Government Accountability, Families Together, Racial Justice, and Youth Justice. Puzzle pieces symbolize both connectedness and separation, illustrating the potential for these parts to come together for a unified cause.

CHILDREN'S RIGHTS
2M Children positivly impacted
302K Kids represented in legal actions
Childrensrights.org/action-center

Everyday, children in government systems are denied the childhood they deserve.
